

Appreciation Letter

Emergency Disaster Relief Program

A moment magnitude 5.7 earthquake struck Jajarkot District, Karnali Province, Nepal, at 23:47 NPT on 3 November 2023, killing 154 people and injuring at least 375 and still counting. I got a call from our pastor at Jajarkot, and asking for a emergency help for victims. We did not had a enough funds to go with emergency relief. But, God was continually pushing me to move forward for Jajarkot with relief. I prayed with God and Shared with friends and families about the situation and needs. Soon god started to provide fund from different sources for Jajarkot relief. I rang our pastors from Jumla, Nepalgunj, and Salyan to be part of this emergency Relief program. So, immediately we started our journey towards Jajarkot. It was far from Kathmandu So, We had to fly from Kathmandu to

Nepalgunj and from Nepalgunj we had to hire the 4/4 vehicle. It took us 14 hours to reach the earthquake center area. It was not easy due to bad roads but God was there for us who makes our trip successful. God provided us funds so we were able to give blankets, sleeping mats, Tripal tent for 500 families. It was impossible only from us but Nothing is Impossible for God.

Our Intension was not only to provide the stuff but we lived there for 14 days to that area with people and we also slept at outside the house on tent. We started to visit every house and to encourage from word of God and praying for them. We believe so many people heard about the gospel and good news of Christ.

On behalf of HYT team & the recipients, we would like to heartily thank all the donors, without whose help none of this would have been possible.

We really give thank to all our team for this great effort to help the people and sharing about God's love to people.
